Experience/Projects

Freelance Frontend Developer | Chandigarh , INDIA

May 2023 – Present

- Worked on **5+ projects** using **React.js** and modern web technologies, impacting various industries by creating **responsive** and **user-friendly interfaces**.
- Collaborated with clients to enhance user engagement and improve digital experiences, resulting in a **15-20% increase in website traffic** and customer interaction.
- Optimized performance and accessibility, **achieving 95%+ scores** on Lighthouse for client websites.

ReactJs Intern (ReactJs Developer) Oops Infosolutions Pvt. Ltd | Chandigarh, INDIA | [Cert](#) Jan 2019 – June 2019

- Contributed to **three live projects**, including a **fully responsive NGO website**, built with **React.js** and **Node.js**, improving the site's user experience across various devices.
- Applied **React.js** Fundamentals, **Hooks**, **Routing**, and **API** Integration to develop components that improved app performance and modularity.
- Participated in cross-functional collaboration, reducing **project turnaround time by 30%** through efficient use of GitHub and deployment on Netlify.

[Project] IMDb , (Responsive web application) | (React.js , JavaScript , HTML , Tailwind CSS , TMDB API) [\[Github\]](#) [\[Deployed\]](#)

- Developed a **responsive frontend** similar to IMDb using **React.js**, **Tailwind CSS**, and **TMDB API** to display trending movies.
- Implemented **lazy loading**, sorting, and pagination, for optimal performance and user experience. Features include favoriting movies, sorting by rating, and seamless **cross-device functionality**.

[Project] PortFolio app - (Responsive web application) | (React.js , JavaScript , HTML , Tailwind CSS) [\[Github\]](#) [\[Deployed\]](#)

- Created Frontend **React.js portfolio** application to showcase my profile, using **JavaScript**, **HTML**, **CSS**, and various **animations** for an engaging user experience.
- The project integrates **Material UI**, **React Bootstrap**, and **CSS3 animations** to create a **responsive** and dynamic interface.
- **Lazy loading** was used to improve loading time, while the site was **optimized for SEO** and **accessibility**. The portfolio includes sections for resume, skills, and projects, all available with live demo links and **GitHub** repositories. It serves as a comprehensive solution for candidates looking to present their profiles in a professional & interactive manner.

[Project] meShop - E-commerce Application | (Reactjs , Redux Toolkits , CSS , HTML , JavaScript) [\[Github\]](#) [\[Deployed\]](#)

- Created the front end of an **eCommerce application** using **React.js**, **Redux Toolkit**, **JavaScript**, **HTML**, and **Tailwind CSS**.
- The app fetches product data from a third-party **API**, displays it like a real eCommerce store, and allows users to add items to the cart.
- Core functionality like **product management** and **cart operations** was implemented using Redux Toolkit for efficient **state management**.

Education

Chandigarh College of Engineering and Technology **B.E in Computer Science and Engineering** 2015-19 Chandigarh, India
